Sir,

Adverting to your letter No. 489-96/L.S.G. dated 18th August 1917, from the Revenue Secretary to Government on special duty, forwarding a list of the provisions of the Municipal Regulation which will not apply to Minor Municipalities, I have the honor to state as follows -

2. It is desirable to retain for Minor Municipal Councils the provision in section 12 of the Municipal Regulation that Graduates and Advocates of the Chief Court shall, under the circumstances stated in the section, be qualified to be voters and members, but this provision can also be made by a notification of Government under section 11 (c) (2).

3. Though a Managing Committee in a Minor Municipality is not a necessity, yet it is desirable to have power to form Committees when required and this power can be conferred by a notification of Government.

4. The power to make rules and the power to collect municipal dues are two very important powers, and if the sections in

26

the Regulation relating to these matters are omitted, it may not be possible for the Government to issue a notification under section 187 (3) of the draft bill, as the Government can perhaps make rules only for the guidance of the Councils and public officers, and not rules that would bind the public. If this view of the case should be correct, it would be necessary either to alter clause (3) of section 187 of the draft bill in order to give Government the necessary powers, or to introduce into the Regulation less elaborate provisions for the making of rules and the collection of dues in Minor Municipalities or to apply in toto to the Minor Municipalities the provisions about the making of rules and the collection of dues.

The best course probably would be to widen clause (3) of section 187 of the draft bill by omitting the words "for the guidance of the Councils and public officers" and making it clear that the rules will have the force of law.

Sir,

With reference to your letter No L S. G 459-496 dated 18th August 1917 forwarding for my remarks a pro-visional list of the sections of the Mysore Municipal Regulation which will not ordinarily apply to Minor Municipal Councils, I have the honor to state that the provisions of the several sections mentioned in the above list excepting those relating to sections 92, 93 and 99 (1) are unsuited to Minor Municipal Councils in this District and these Councils may be excepted from the operation of those provisions . The provisions of sections 92, 93 and 99 (1) may, I think, be made applicable to all Minor Municipal Councils.

2 In addition to the sections mentioned in the list received from you the marginally noted sections are also deemed unnecessary and may be omitted.

51 from (b) 133-138 & 160

3 In regard to some of the excluded provisions it is necessary that simple rules should be framed and issued for the guidance of the Minor Municipal Councils as soon as they are constituted as such, e.g. rules regarding construction of houses, drainage etc. are proposed to be omitted. At present such matters are regulated in the non-regulation Municipalities by the provisions of the village Sanitation Regulation and Rules thereunder. Directly these are constituted into Regulation Municipalities, the village Sanitation Regulation will cease to apply and as the provisions of the

the Municipal Regulation in regard to these matters will also not apply it is necessary that such rules should be issued at the very start The following are the matters in regard to which such rules are necessary -
